FYI: Please note that we will only have the Host at the Noon Mass for the near future

*If there is an * with the Host for a particular week, that person should allow for an extra Priest or Deacon at that Mass and will not serve that week if in fact this is the case. Sometimes, we have that information in advance in which case, I can notify you. Sometimes, it is a last minute thing and you will not find out until you go to Mass.

I would like to remind all:

- Please go to the Handicapped pew AFTER serving the rest of the congregation
- When you go to the altar, the Minister of the Host should be closer to the congregation with the minister of the Precious Blood on the inside

If you are attending Mass and not enough Extraordinary Ministers go to the Sacristy, please come forward.

Please be sure to contact a substitute if you are unable to serve at your assigned Mass. If you are unable to find someone to cover, please call me on my cell (401-529-3112) and notify the rectory
